Greenport restaurants: 15 favorites

On LI's North Fork, Greenport is a great destination for the adorable small towns you pass along the drive there and the great restaurants awaiting once you arrive.

It's a town filled with options for every meal. Here are 15 favorites, picked by Peter M. Gianotti, Erica Marcus and Joan Reminick.

Dine indoors or alfresco at Noah's, chef Noah Schwartz's namesake restaurant serving "tastes," small plates, full plates and items from the raw bar with a local emphasis. The tastes, including the crab-stuffed deviled eggs (pictured) can be addictive; also excellent are a warm lobster roll, meaty jumbo lump crab cake, red-crab taco and Kobe beef burger.
